

## About Us

The Full Circle Project (FCP) is a program funded by the U.S. Department of Education and Sacramento State. FCP is the premiere retention program to primarily address the diverse needs and interests of Sacramento State's Asian American and Pacific Islander (AAPI) students as well as other high need students.

FCP is a comprehensive approach by Sacramento State, the Department of Ethnic Studies and the Asian American Studies program to implement a strategically focused, campus-wide effort to improve retention and graduation rates of AAPI as well as other underserved students throughout their entire college career.

The guiding principles of this program are consistent with best practices by successful undergraduate retention and student engagement models at Sacramento State found in the Educational Opportunity Program (EOP), Student Organizations and Leadership, the College Assistance Migrant Program (CAMP), and the Cooper-Woodson Enhancement Program (CWC).
