How we can help achieve community Success?

About Us

Asian Pacific Partners for Empowerment, Advocacy, and Leadership (APPEAL) is a national organization working towards social justice and an equity-centered, healthy, tobacco-and-cancer-free Asian American, Native Hawaiian, and Pacific Islander (AA, NH, and PI) community.

The ASPIRE Network aims to build and connect AA and NH/PI stakeholders to design and implement tobacco and cancer control activities. Some of our work includes:

- Providing capacity-building training and technical assistance to entities who work or want to work with AA and NH/PI populations
- Facilitating opportunities for AA and NH/PI communities to engage in policy, systems, and environmental change activities
- Expanding and leveraging media and communications opportunities to create awareness about AA, NH, and PI tobacco and cancer issues.
